## WHO IS TAKING THE CLASS?

- **Where is everyone from?**
- **How many have previous RASCAL experience?**
- **How many have dose assessment experience?**
- **Are there any specific topics you would like us to cover?**

## WHAT THE CLASS “IS” AND “IS NOT”

---

- It is an introduction to using the latest version of the RASCAL software
- You will get hands-on experience, primarily with the Source Term to Dose model running nuclear power plant scenarios
- It is not a class in the technical details of the RASCAL methods (although we do touch on some)
- It is not a class in health physics or emergency response
